

Kensington Community Aquatic and Recreation Centre redevelopment

Doors to the new recreation centre will open this September 2025! With four times the gym space and a stadium three times the size of the previous centre, we're proud to deliver a brand-new, modern recreation experience that puts community first.

What's happening on site?

We're starting to wrap up construction as we approach the finish line and get everything ready for opening day. This includes:

- filling the swimming pools
- interior painting
- landscaping works and planting trees
- fitting out the kitchen and café
- installing the last fixtures in the bathrooms and change rooms
- final electrical, plumbing and fire safety inspections.

Safe and easy access for everyone

With the centre nearly complete, we'll soon start works to install speed humps and pedestrian crossings on Altona Street and the Altona Street Service Lane - making it easier and safer for everyone to get around.

Directly impacted properties have been notified.

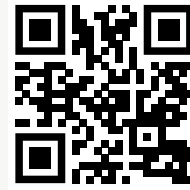

Stay tuned

The official opening date will be announced soon!
